Susan,

We've learned that the FHWA Division Director for the King Coal Highway project , Jason Workman, will not be able to participate in a meeting Aug. 24th. Wanted to inform you of that and see if you believe it is worth considering alternative dates in light of the potentially high value of his participation . If you would like us to followup to see what his availability is soon thereafter , we'll be happy to, but won't until hearing back from you.

Dave

Subject: King Coal Meeting Aug 24

Dave - After the discussion yesterday with OFA I circled back around with region 3. That conversation reminded me that Jason Workman, the FHWA Division lead, won't be able to attend the trip on the 24th. My conversations with Jason have been very productive (I can't say this of all Division offices) and I think his participation would be valuable from both our and FHWA HQ perspective . Folks seemed pretty set yesterday to do this on Aug 24th. Would there be an opportunity to seek Susan's input on the FHWA Division's participation and see if Raja has any apprehension?

Let me know if you need any additional information . Thanks, Ann
